PRIVATE DINING GUIDE

Tucked into the rolling countryside of Sparks, Maryland, The Milton Inn is a meticulously restored 286-year-old fieldstone estate—long celebrated as one of the region’s most storied and treasured landmarks. Evoking the rustic romance of an old French hunting lodge, this reimagined country retreat blends historic character with refined comfort, offering an unforgettable setting for private events.

Since its earliest days as a Quaker coach stop and schoolhouse, The Milton Inn has evolved into a beloved fine-dining destination where generations of Baltimoreans have marked life’s most meaningful occasions. Now part of the award-winning Tony Foreman + Co. family and led by Chef and Co-Owner Chris Scanga, The Milton Inn begins a new chapter grounded in French culinary tradition and Mid-Atlantic seasonality.

Chef Scanga’s ingredient-driven menus celebrate the region’s bounty, highlighting produce, meat, and seafood from over two dozen local farms and purveyors. A commitment to sustainability informs every element of the experience—from sourcing and production to service and hospitality. Each menu is personally designed by Chef for your experience. Whether in our intimate private rooms or across the entire estate, The Milton Inn offers a setting where timeless charm and culinary excellence come together to create lasting memories.

With a variety of distinct spaces—ranging from cozy and intimate to grand and expansive—The Milton Inn is perfectly suited for celebrations of all kinds. From elegant weddings and cocktail receptions to milestone birthdays, anniversaries, corporate gatherings, and more, each event is thoughtfully tailored to reflect your unique vision.
